

SchoolOnline

... for Excellence in Education !

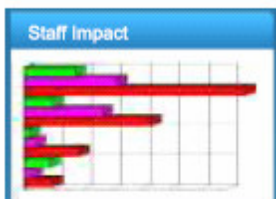

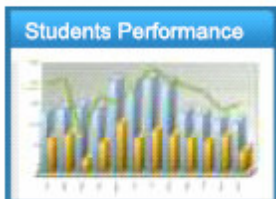

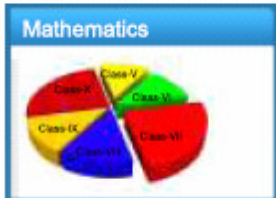

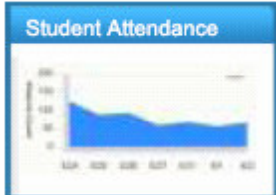

SchoolOnline ... for Excellence in Education !

MAHE – Manipal Group introduces SchoolOnline software solution to Schools that offers best standards and practices with international certifications to a wide range of schools / colleges, and is highly honoured worldwide, renowned for its approach and service quality. Developed on IBM's WAS framework, this software ensures the continuous improvement of Students, meets their parent's growing expectations and also adheres to the legal / statutory requirements.

SchoolOnline provides a framework for your School to:

- ✓ Implement Students' focus strategies
- ✓ Install the software as a system to deploy Best Practices, streamline all processes and formalise good working model
- ✓ Establish effective lines of communication with teachers, parents, students and stakeholders through SchoolOnline Social-Enterprise platform.
- ✓ Reduce cost of School's maintenance & overhead expenses using proper tight controls present in SchoolOnline ERP
- ✓ Achieve consistency of education quality and compliance with legal / statutory / board requirements
- ✓ Pursue continuous performance improvement model for Students success
- ✓ Conduct self-assessment of school to benchmark with quality in education standards.
- ✓ Design Quality Policy, Process and Best practices for all functions of School
- ✓ Enforce ISO 9001:2008 training, deployment and certification for Quality in Education
- ✓ Encompass Parents Relationship Management along with automatic SMS / email Alerts! and Announcements
- ✓ Quickly implement Low Cost, High Quality and Best in Performance System Software
- ✓ Complete School Admin available online for - Anytime, Anywhere instant access to all School / Students' data
